

Please forward this to everyone who was involved in plowing snow in our town.

Thank you all for your hard work during this horrific winter of unprecedented snowfall.

In particular, all of the residents of Willow Court would like to thank the fabulous men who plowed our cul-de-sac. Everyone of them did an excellent job in moving the snow to the areas where there are no driveways or mailboxes. it's a tough job, we realize.

One of your men in particular is currently out there in a front end loader. He is doing the most amazing job I have ever seen moving snow. God bless him, he even appears to be enjoying himself!

Once again, thank you all and in particular, thank you bearded man in the front end loader!

**WE APPRECIATE YOUR HARD WORK!**

Jody Baker
